

Vadim Kimmelman

Curriculum Vitae

June 17, 2019

Address: Postboks 7805
5020 Bergen, Norway
Email: vadim.kimmelman@gmail.com
Web-site: vadimkimmelman.com

1 Academic employment

- | | |
|----------------|--|
| 2019 - current | Associate Professor at the University of Bergen. |
| 2015-2018 | Postdoctoral researcher at the University of Amsterdam.
Project: 'Argument structure in three sign languages: typological and theoretical aspects.' |
| 2016-2018 | Part-time lecturer in linguistics at the University of Amsterdam. |
| 2014-2015 | Part-time lecturer in linguistics at the University of Amsterdam. |
| 2010-2014 | PhD candidate at the University of Amsterdam.
Project: 'Information Structure in Russian Sign Language and Sign Language of the Netherlands.' |

2 Education

- | | |
|------|---|
| 2014 | PhD in linguistics (cum laude), University of Amsterdam |
| 2013 | Short-term guest researcher at the University of Connecticut, USA |
| 2010 | Undergraduate Degree in Linguistics (cum laude), Russian State University for the Humanities (Moscow) |
| 2009 | MA "General Linguistics" (cum laude), University of Amsterdam |

3 Publications

Books

- [1] Kimmelman, V. (2019). *Information Structure in Sign Languages*. Sign Language and Deaf Community series. Berlin: De Gruyter Mouton.

- [16] Kimmelman, V. (2013) Topics in Sign Language of the Netherlands: insights from a corpus study. *Workshop on Information Structure in Spoken Language Corpora*. Bielefeld, June 10-12.
- [17] Kimmelman, V. (2013) Multiple tiers, multiple trees. Weak hand holds in Russian Sign Language." *Chicago Linguistic Society Meeting*, Chicago, April 18-21.

Invited

- [1] Kimmelman, V. (2015) Weak hand holds in RSL and NGT. *SKIL conference*, Moscow, April 2.
- [2] Kimmelman, V. (2015) Information Structure in Sign Languages. *RGGU seminar*, Moscow, April 1.
- [3] Kimmelman, V. (2015) R-impersonals in Sign Language of the Netherlands. *Workshop on Sign languages and R-impersonal pronouns*, Paris, February 6.
- [4] Kimmelman, V. (2013). Information Structure in RSL and NGT. *SLLS Festa*, Osaka, September 27-29.

5 Teaching and supervision

Courses taught

- 2019 “Morphology” (In English), University of Bergen
“Language Variation in Time, Space and Society” (In English), University of Bergen
- 2018 “Transcription of sign languages” (In English), University of Amsterdam
- 2017 (together with Enoch Aboh) “Perspectives on Universals II.” (In English), University of Amsterdam
“Typology and lexicon in sign languages.” A three-day course at the TyLex Summer School (In Russian), Higher School of Economics
(together with Frank Seifart) RMA course “Perspectives on Universals I” (In English), University of Amsterdam
- 2016 BA course “Semantics” (In Dutch), University of Amsterdam
(together with Roland Pfau) BA course “Psycholinguistics of sign languages” (In Dutch), University of Amsterdam
mini-course “Introduction to Sign Linguistics” (In Russian), Moscow Polytech
- 2015 (together with Enoch Aboh) RMA course “Perspectives on Universals I” (In English), University of Amsterdam
(together with Roland Pfau) BA course “Phonology and morphology of sign languages” (In Dutch), University of Amsterdam
(together with Frank Seifart) BA course “Morphology and syntax”, University of Amsterdam
- 2014 (together with Joni Oyserman) BA course “Introduction into Sign Linguistics” (in Dutch), University of Amsterdam
(together with Enoch Aboh and Dana Niculescu) BA course “Linguistics of European Languages” (in English), University of Amsterdam
- 2013 BA course “Psycholinguistics of sign languages” (In Dutch), University of Amsterdam
(together with Beppie van den Bogaerde and Joni Oyserman) BA course “Introduction into Sign Linguistics” (in Dutch), University of Amsterdam
- 2012 Supervising MA term papers related to sign linguistics
(together with Anne Baker) BA course “Psycholinguistics of sign languages” (in Dutch), University of Amsterdam
- 2011 MA course “Topics in Sign Linguistics” (in English), University of Amsterdam

Supervision

- ongoing Co-supervisor of PhD student Marloes Oomen within the project “Argument structure in three sign languages”, University of Amsterdam
- ongoing Co-supervisor of PhD student Vanja de Lint within the project “Argument structure in three sign languages”, University of Amsterdam
- 2015 Dissertation committee member for Brendan Costello’s PhD thesis “Language and modality: Effects of the use of space in the agreement system of *lengua de signos española* (Spanish Sign Language)”, University of Amsterdam
- 2012-current supervising term papers by BA and MA students at the University of Amsterdam
- 2012-current supervising BA theses by students at the Russian State University for the Humanities and Higher School of Economics (Moscow)

Course development

- 2016-current development of courses (Introduction to Sign Linguistics, Transcription, Semantics) for the new BA program in Linguistics, University of Amsterdam

6 Research Grants

- 2017 Russian Science Foundation (RSF) grant “Managing information structure in spoken and sign natural discourse” (main applicant: V. Podlesskaya, PI’s: V. Kimmelman & Y. Lander).
Description: *In this project, we investigate how information structure is expressed on the discourse level in signed and spoken languages, and how discourse strategies give rise to syntactic phenomena. My sub-project is specifically devoted to the means of expressing quotation and to grammaticalization of complex sentences (wh-clefts, relative clauses) in RSL.*
- 2015 The Netherlands Organisation for Scientific Research (NWO) grant “Argument Structure in Three Sign Languages”, (main applicants: dr. R. Pfau & prof. dr. E. Aboh)
Description: *In this project, we investigate how argument structure is expressed in the visual modality and whether new evidence can be found in favor of a syntactic vs. lexical approaches to argument structure. We look at three sign languages using corpus data and newly developed elicitation tasks. My subproject is devoted to Russian Sign Language and to cross-linguistic comparison and general theoretical analysis.*
- 2012 Russian Foundation for Basic Research Grant for “Corpus investigation of morphosyntax and lexicon of Russian Sign Language”, (main applicant: dr. S. Burkova)
Description: *In this project, we investigated basic morphosyntactic and pragmatic properties of Russian Sign Language (reduplication, aspect marking, information structure, conditional clauses). A practical outcome of the project was the first on-line corpus of RSL: <http://rsl.nstu.ru/>.*
- 2010 The Netherlands Organisation for Scientific Research (NWO) grant for the PhD project “Information Structure in Sign Language of the Netherlands and Russian Sign Language”
Description: *In this project, I investigated information structure in two sign languages: Russian Sign Language and Sign Language in the Netherlands looking for universal and modality-specific patterns in this domain. I described how topic, focus, and contrast are expressed in these languages and compared them to other spoken and signed languages.*

7 Professional activities

Editing

- 2018-... Editorial board member of a peer-reviewed journal *Moscow Linguistic Journal*: <http://mjl.rsuh.ru/>
- 2017-... A founder and editor of the open access journal *FEAST* (Formal and Empirical Advances in Sign Language Theory): <http://www.raco.cat/index.php/FEAST>

Organizing

Organizing committee member for the following conferences:

- 2019 Workshop “Managing information structure” at SLE 2019, Leipzig
- 2017 Workshop “Argument Structure Across Modalities (ASAM2018)”, University of Amsterdam;
- 2011 Workshop “Formal Semantics and Pragmatics of Sign Languages” at the *Amsterdam Colloquium*, University of Amsterdam;
- 2011 *MOSS-2 (Moscow Syntax and Semantics)*, Moscow, Institute of Russian Language of the Russian Academy of Sciences;
- 2009 *MOSS (Moscow Syntax and Semantics)*, Moscow, Institute of Russian Language of the Russian Academy of Sciences;
- 2008 *Syntactic Structures*, Moscow, RSUH.

Reviewing

Reviewing for the following journals: *Science*, *Natural Language and Linguistic Theory*, *Journal of Semantics*, *Semantics & Pragmatics*, *Linguistic Inquiry*, *Glossa*, *Lingua*, *Journal of Experimental Psychology*, *Sign Language & Linguistics*, *Sign Language Studies*, *Russkij Jazyk (Russian Language)*, *Linguistics in Amsterdam*.

8 Languages

Russian (native), English (advanced), Dutch (advanced), German (intermediate), French (intermediate), Russian Sign Language (intermediate), Sign Language of the Netherlands (intermediate), International Sign (beginner).

9 Research interests

Sign Linguistics; Argument Structure; Information Structure; Corpus Linguistics; Grammaticality Judgments; Formal Approaches to Syntax; Linguistic Typology; Russian Sign Language; Sign Language of the Netherlands; Russian.
